Many Nations Are Fighting In Worlds War No. 2

THE WAR IS ON

The war is in rage among 18 or more nations. Fighting war is nothing new, especially between two nations, but between two or more nations as is today puts attitudes of wonder and grief and sorrow into many person's reach.

WROTE OF WAR

I recall just now the article I wrote about 16 or 18 months ago in which I said that I did not think war would be in this nation under the next 18 or 24 months; that the war monster, Mr. Hitler, would never attack the U. S. for the reason that he, Mr. Hitler, knew his business; and if war was ever interred into, the U. S. propaganda would be the forerunner of it. I was not positive in the veracity of that statement, but could not refrain from writing it. Now we are in war, and in it actually, not indirectly, but directly; not partially, but wholly, not cowardly, but boldly, not specifically but generally; not racially, but nationally. I simply meant that much would be said by the foreigners with the intention of alluring the U. S. into the belief that "Peace" was the objective of such sayings. And certainly, it was done as per the statement. The remote statements just preceding the actual battle that is

now going on in and about the islands, thus Americans and Japanese are constant motives to many of the American soldiers. They pretended that they were "Wanting to negotiate peace between them and America, and were (in that way) declaring war on America. Our President is a pacifist and he tells it, and shows it, but he is as much belligerent when he has to be as any other Mr. Monach. Enough said.

Denominating Power

The denominating power of the world today is held in the providence of Almighty God, and I dare to predict the motion for whom it is held. The chain store cashier who asked me what I thought about the war agreed with me when I said I hardly knew. It is very discouraging to predict any outcome because if its possible perversion. He said very solemnly, "You

Mr. J. C. Williams, one of the leading stewards of the Little Zion and Oak Grove Circuit. Mr. Williams states that Little Zion and Oak Grove will show the others the way, under the leadership of their pastor, Reverend E. F. Young.

The members are loud in their praise of Reverend Young as pastor. This is about the third time he has served this church as pastor and he is more admired than ever before.

H. B. A. DRIVE MAKING BIG HEADWAY

According to reports from the H. B. A. office, a large number of presidents are renewing members and making new members. The March Boards are expected to surpass any of the boards that have been recently held.

President Wm. Kinslow of Waynesboro, Mississippi, is going to spring a surprise in the March Boards. He states that he must lead while others follow.

Watch Kinslow, he may be fixing to get married. If he does, there will be quite a few sorrowing hearts in and out of offices.

Reverend E. F. Young, pastor of Little Zion and Oak Grove Circuit. He and his members have reported their General Fund assessment to Presiding Elder O. A. Hill for the 1942 Conference year. Reverend Young has plans already outlined for the erection of a new church at Oak Grove.

Joe Louis The Worlds Champion Entered 'The U. S. Army's Camp Wednesday To Fight For His Country

CHAMPION TURNS IN "BELT" TO UNCLE SAM

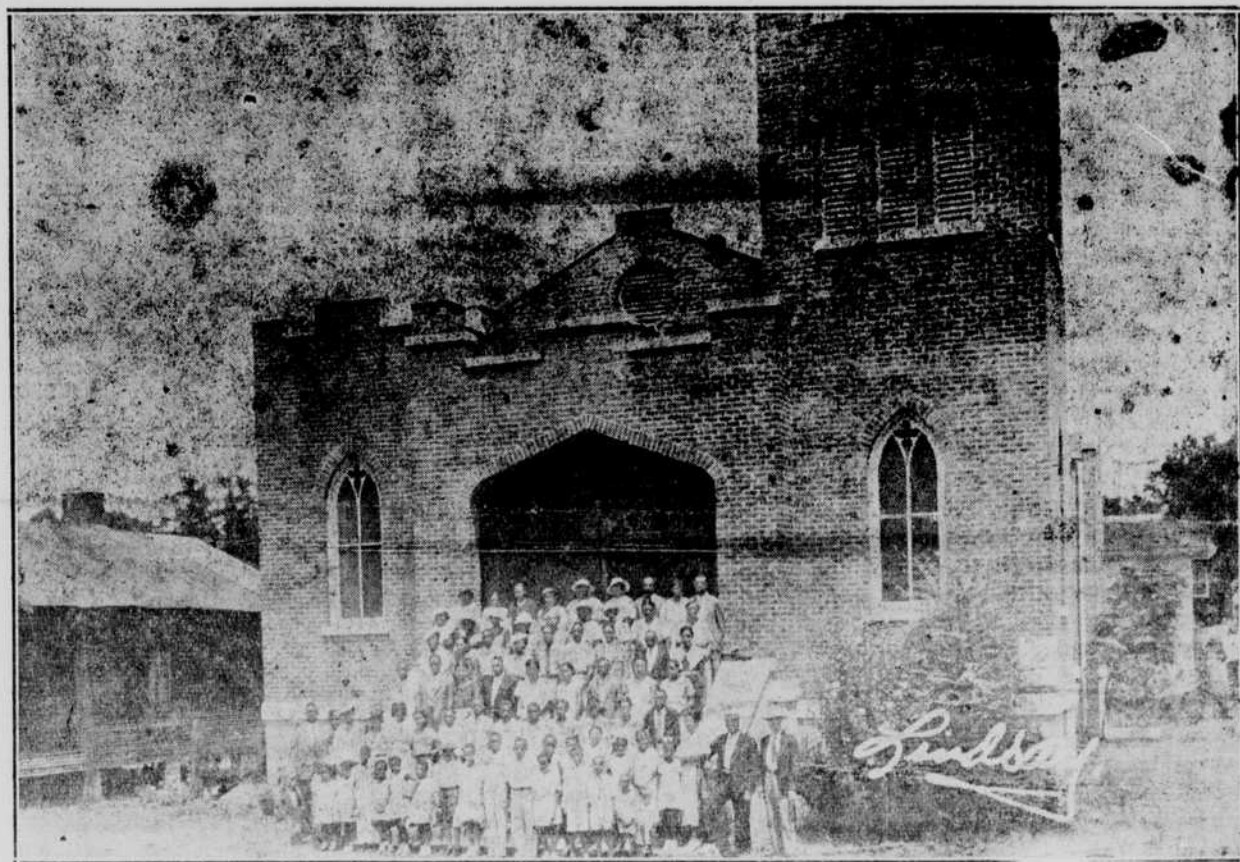

Joe Louis, not only the world's greatest pugilist, but he "steps up" loyalty for a great American.

The heavy-weight champion of the world, Joe Louis, has said by his action, "Not that I love honor less, but my country more", when he volun-

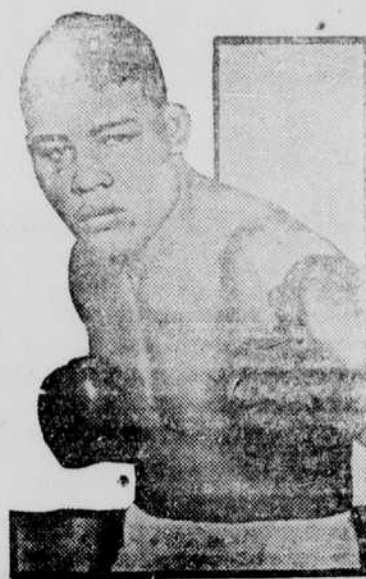

teered his service to the United States Army to defend his title of citizenship to a great country.

Champion Louis wanted to make his contribution "two-fisted" and "all-out". First, by offering his full measure of his personal service and second, by handing over some \$89,000 to aid in National Defense.

No doubt this American, a Negro, will go down in history as a true representative of tolerance in a race—no time to hate and no time to count the cost of injustice and differences—but a time when duty calls and with faith he will march on to victory.

NEWELL CHAPEL MAKES RAPID PROGRESS

By T. C. Miller, one of the stewards of NEWELL Chapel

Under the pastorate of our own son, Reverend R. L. Young, Newell Chapel Church is making great progress. The Church has been re-organized and new business methods have been injected into the program, which have stimulated the entire membership.

Beginning with our Sunday School, we have started the ball to rolling. In eight weeks our Sunday School moved up from \$1.00 per Sunday to as much as 8.00 on last Sunday with the writer teacher of class No. 2, leading that energetic class No. 1, taught by Mrs. R. L. Young. Mrs. Young is a wonderful teacher and we all love her, but No. 2 class just had to beat

Mrs. Young and her class last Sunday. We must give the pastor, Reverend
